

(PSA :30 – 4/2009)

This is Governor Jay Nixon. When tornadoes and severe storms damage your property, the time to act is right away, by contacting your insurance company or agent.

Be very suspicious of strangers who say they'll help you get more money for your insurance claim. It could be a scam.

For more information, contact the Missouri Department of Insurance at 1-800-726-7390 or <http://www.insurance.mo.gov>.

Act quickly to protect your property.
